## 1 Company and Substance / Formulation Identification

- · Product identifier
  - · Product name: V0295 Simulated Urine
    - · Product Code D11013X
    - · Application of the substance / preparation Dyestuff/Colouring agent
  - · Chemical Name: Proprietary Colorant
  - Synonyms: Liquid Yellow Dye
  - · Department: Regulatory

Emergency Telephone: For Chemical / Medical Emergency, 24 hours: INFOTRAC: (800) 535-5053 (US and CDN) 1-352-323-3500 (INTL)

### 2 Hazard(s) identification

#### Classification of the substance or mixture

The product is not hazardous according to the Globally Harmonized System (GHS).

- · Label elements
  - · GHS label elements Void
    - · Hazard pictograms Void
  - · Signal word Void
  - · Hazard statements Void

· Additional information: The product is not hazardous according to the Globally Harmonized System (GHS).

### 3 Composition/information on ingredients

- Chemical characterization: Mixtures
  - Description: Mixture of the substances listed below with nonhazardous additions.
  - · Hazardous components: Void

### 4 First-aid measures

- Description of first aid measures
  - · General information: No special measures required.
- · After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact: Immediately wash with water and soap and rinse thoroughly. If skin irritation continues, consult a doctor.
- After eye contact: Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- After swallowing: Rinse out mouth and then drink plenty of water. Induce vomiting and call for medical help.
- Information for doctor:
- Most important symptoms and effects, both acute and delayed No further relevant information available.

(Contd. on page 2)

Product name: V0295 Simulated Urine (Contd. from page 1) · Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents: CO2, extinguishing powder or water spray. Fight larger fire with alcohol resistant foam. Use fire fighting measures that suit the environment. · Special hazards arising from the substance or mixture Formation of toxic gases is possible during heating or in case of fire. Advice for firefighters **Protective equipment:** Wear self-contained respiratory protective device. Wear fully protective suit. Additional information Collect contaminated fire fighting water separately. It must not enter the sewage system. 6 Accidental release measures · Personal precautions, protective equipment and emergency procedures Product forms slippery surface when combined with water. Wear protective clothing. **Environmental precautions:** Keep contaminated washing water and dispose of appropriately. Do not allow product to reach sewage system or any water course. Dilute with plenty of water. Methods and material for containment and cleaning up: Clean the affected area carefully; suitable cleaners are: Warm water Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). **Reference to other sections** No dangerous substances are released. See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage · Handling: • **Precautions for safe handling** Ensure good ventilation/exhaustion at the workplace. · Protection against explosions and fires: No special measures required. **Special Sensitivity: KEEP FROM FREEZING.** Must mix well before use. Keep container closed when not in use. · Conditions for safe storage, including any incompatibilities Storage: · Requirements for storerooms and containers:

Store only in the original receptacle.

No special requirements.

Further information about storage conditions: None.

Product name: V0295 Simulated Urine

**12 Ecological information** 

· Toxicity

· Aquatic toxicity: No further relevant information available.

- Persistence and degradability No further relevant information available.
- Behavior in environmental systems:
  - · Bioaccumulative potential No further relevant information available.
- $\cdot$  Mobility in soil No further relevant information available.
- Additional ecological information:
  - General notes:
  - Generally not hazardous for water
  - Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.
- Other adverse effects No further relevant information available.

# 13 Disposal considerations

## · Waste treatment methods

- Recommendation: Must be specially treated adhering to official regulations.
- · Uncleaned packagings:
  - Recommendation: Packaging can be reused or recycled after cleaning.
  - · Recommended cleansing agent: Water, if necessary with cleansing agents.

### 16 Other information

The information in this Safety Data Sheet relates only to the specific material designated herein. It does not relate to use in combination with any other material or in any process. This information is furnished without warranty, expressed or implied, except that it is accurate to the best knowledge of the manufacturer/supplier. The data on this sheet are related only to the specific material designated herein, and the information available for all ingredients at the time of creation. Manufacturer/supplier assumes no responsibility for use or reliance upon these data. Any information that is withheld herein (such as exact chemical identity or exact concentration) has been reserved as a trade secret as per applicable regulations.
